

DUDE, HOW'S MY COAT?

Skin & Coat Health/ Nutritional Foundations

SUPPLEMENTS for THE SKIN & COAT

Adored Beast:

- **Yeasty Beast Spray: (Dogs only):** Fantastic for soothing itchy skin and helps to prevent infections that may rise from yeast coming through the skin. Yeast manifests on the skin as thick, itchy black spots or skin folds. This is a combination of Apple Cider Vinegar and soothing herbs to help areas of topical yeast that appear on the skin. Do NOT use on open wounds or raw wounds as it will sting!

Note: This topical spray will not "cure" the yeast that breeds deep in the digestive track. Systematic yeast needs to be addressed systematically with the Yeasty Beast Protocol.

- **Yeasty Beast Protocol (Dogs only) ***Special Order***:**
Did you know that Probiotics are not always helpful when dealing with Yeast issues?
This package targets yeast like no other product on the market. If your dog has a 'fungus' smell, chronic skin disease or extreme allergies, you can very well suspect yeast overgrowth.
This kit supports the immune system and body, while avoiding an intense Herxheimer reaction (toxic yeast die-off) that can make your dog look and feel terrible. A Herxheimer reaction can look like yeast is actually getting worse, hence the merry-go-round of more antibiotics and chronic skin and gut issues/trauma.
- **Owies & Oopsies Spray: (Dog or Cat):** This is a combination of nature's amazing healing elements like calendula, green tea, hypericum and more! It soothes itch, promotes

healthy skin and helps soothe such issues as open wounds, abrasions, insect bites, burns, sores, cuts, hot spots and raw skin.

- **Note:** *This has mainly the same ingredients as Yeasty Beast Spray, but is a different spray from Yeasty Beast as it does NOT contain Apple Cider Vinegar.*

WellyTails:

- **Daily Skin & Coat (Dog only):** Overall nutritional skin & coat and immunity boosting ingredients. Provides natural vitamins, minerals, amino acids, digestive enzymes, prebiotics, probiotics, essential omega-3 fatty acids; also contains Atlantic sea kelp, ground full-fat golden flaxseed, nutritional yeast culture (not brewers yeast), beef liver powder and bee pollen.

Best results are to feed half of the daily dose with the AM feeding and half of the daily dose with the PM feeding.

PROMOTES:

- Healthy cartilage
- Helps maintain collagen and connective tissue
- Protects joints from developing future problems
- Helps decrease stiffness and soreness for dogs with moderate joint problems
- Helps improve mobility

IDEAL FOR:

- Developing/growing dog breeds that are prone to develop joint issues as they age
- Adult dogs aged 3-7 as a preventative approach
- Dogs with mild to moderate joint pain and mobility problems
- Early stage problems of joint stiffness and pain

- **Wild Ocean Fish Oil: (Dogs only):** *This is a great option rather than Salmon Oil!*
This Ocean Fish Oil contains no salmon, instead uses Cod Liver Oil, Anchovies, Sardines and Mackerel. No heavy metals.
Great source of Omega 3 & 6. It helps to maintain a lustrous coat, and provides relief from dandruff, hotspots and dry patchy skin. Provides brain and eye support as well.

PetTek:

- **Salmon Oil (dogs only)** This BC Made non-farmed Salmon Oil is a great source of Omega 3 & 6. It helps to maintain a lustrous coat, and provides relief from dandruff, hotspots and dry patchy skin.
- **Organic Coconut Oil (dogs only)** This premium natural supplement aids in improving digestion and nutrient absorption, fighting heart disease, reducing risk of cancer and other degenerative conditions, relieving arthritis, preventing yeast/fungal and viral infections. Also aids with balancing metabolism, hormones and blood sugar, rejuvenating the skin and reducing allergic reactions, disinfecting cuts and promoting wound healing, clearing up warts, moles, psoriasis, eczema, dandruff, ringworm and toe fungus.

SUPPLEMENTS for FOUNDATIONAL NUTRITION

PetTek:

- **Salmon Oil (dogs only)** This BC Made non-farmed Salmon Oil is a great source of Omega 3 & 6. It helps to maintain a lustrous coat, and provides relief from dandruff, hotspots and dry patchy skin.
- **Organic Coconut Oil (dogs only)** This premium natural supplement aids in improving digestion and nutrient absorption, fighting heart disease, reducing risk of cancer and other degenerative conditions, relieving arthritis, preventing yeast/fungal and viral infections. Also aids with balancing metabolism, hormones and blood sugar, rejuvenating the skin and reducing allergic reactions, disinfecting cuts and promoting wound healing, clearing up warts, moles, psoriasis, eczema, dandruff, ringworm and toe fungus.

Adored Beast:

- **Phyto Synergy (Dog or Cat): *This a great option instead of Fish Oil!***
This is a super antioxidant phytoplankton. It is grown sustainably using filtered Atlantic Ocean water, free from heavy metals. Phytoplankton is the main food source for all oceans and the reason fish and squid contain omega 3 fatty acids!
Phyto Synergy is 100% pure marine phytoplankton and is complete nutrition that absorbs and resonates with the body's synergistic process. This incredible single-celled organism offers trace minerals, chlorophyll, essential amino acids, EPA, protein, carotenoids, antioxidants and vitamins. It has amazing anti-inflammatory benefits and is great as a daily preventive and proactive whole food nutrient.

Welly Tails:

- **Mighty Phytos (dog only) : *This is a great option rather than a fish oil!***
Added as a general kibble topper, it's a natural nutrient enhancer to ensure that your dog is getting a very high-quality fresh dose of completely balanced vitamins and highly bio-available organic chelated minerals along with naturally health protective phytonutrients from dehydrated fruits and vegetables that have not gone through high temperature/high heat processing. Contains Barley Greens, Balanced Daily Minerals
- **Wild Ocean Fish Oil: (Dogs only): *This is a great fish oil option rather than Salmon!***
This Ocean Fish Oil contains no salmon, instead uses Cod Liver Oil, Anchovies, Sardines and Mackerel.
Great source of Omega 3 & 6. It helps to maintain a lustrous coat, and provides relief from dandruff, hotspots and dry patchy skin. Provides brain and eye support as well.
