

## EVERYTHING TUM & BUM! INFO on PREVENTIVE GI HEALTH & PROBIOTICS/TUMMY TROUBLE/ALLERGIES & FOOD SENSITIVITIES

### FOOD OPTIONS:

***We have 2 diet options with HYDROLYZED PROTEIN:***

- 1) **SquarePet:** A grain inclusive, hydrolyzed pork diet.
- 2) **Diamond Care:** A grain free, hydrolyzed salmon diet.

***How does hydrolyzed protein work?***

Hydrolysis uses water to break down the proteins into tiny pieces too small for the immune system to notice, hence stopping any immune response, or allergy, to the protein in the food. It's the 'unchaining' of long protein strands into smaller amino acids.

### SUPPLEMENTS for the TUM:

#### **PREVENTIVE:**

**Adored Beast** (developed by a Canadian holistic Veterinarian)

- **Love Bugs (Dog or Cat):** Did you know the Gut is responsible for 80% of the immune system? This unique pre/probiotic blend is a match made in heaven. They use larch as a prebiotic that works perfectly with the unique blend of 30 Billion CFU (colony forming units) Probiotics are the 'fertilizer' to the probiotics you use, so the gut can grow bountiful amounts of the friendly probiotics. Combats yeast, aids in allergies and IBD and helps prevent tooth decay!

### **Welly Tails (Canadian Company)**

- **Digestion & Immunity (Dogs only):** 6 way blend of proven prebiotics and probiotics that aid in both digestion and improved nutrient availability and assimilation as well as the benefits of immune system health support. A unique and proven digestion system health 'yeast strain' that helps to reduce diarrhea issues. It contains toxin binding diatomaceous earth, which helps absorb micro-toxins that may form in the gut and can lead to premature aging and cancers.

### **Missing Link: (USDA approved and Organic)**

- **Missing Link Probiotic (Dog):** This product uses a unique blend of Kelp, pumpkin and flaxseed to help aid in digestion and offer a good dose of probiotics!

## **PETS PRONE TO GI FLAREUPS/GAS**

### **Adored Beast**

- **Healthy Gut (Dog or Cat):** This is a unique blend of pre & probiotics, plus digestive enzymes. This is like Love Bugs, but in addition, this product also helps the body absorb nutrients and digest food easier. It helps rebalance and cultivate proper growing conditions for friendly bacteria destroyed by such things as antibiotics and toxins. This is great for malnourished, skinny or low energy pets.

### **G's Formula**

- **G's Formula (Dog)** is a patented, organic, non-GMO, whole food digestive aid designed to heal and support a healthy digestive tract. It is a unique blend of Oat Flour, Hemp, 3 types of Cabbage, Carrots and Diatomaceous Earth.  
It is a natural whole food supplement that is able to heal the digestive cells and mucosa, reducing inflammation and allowing absorption of macro and micro nutrients required for optimal health.  
Great for dogs that have suffered severe parasite infestations, as Diatomaceous Earth is like a 'scrub brush' for the intestines.

### **Hemp 4 Paws**

- **CBD Oil (Dog or Cat)** See handout

## **MORE SEVERE GI ISSUES/DAMAGE/CHRONIC ISSUES**
